Urgent or Emergency Care Follow-up Worksheet

If you are seen for urgent or emergency care when the clinic is closed, you will need to follow up with the 23 MDG. This can be done by calling the MDG at (229) 257-2778 or 1 (800) 889-3041 or walking into the clinic during normal duty hours. A referral from your PCM is required by TRICARE to prevent you from being billed and held responsible for the payment. Please hold on to the discharge papers given at the visit, as this information is necessary to assist with creating your referral.

The following information is needed by your PCM to generate a referral for TRICARE:

1. Full name of individual seen for medical care _____
2. Name of the parent if above is a minor _____
3. The last 4 numbers of the sponsor's social security number _____
4. A good telephone number in case we need to contact you for further information _____

11. What was the diagnosis? _____
12. Explain the treatment given or medications prescribed _____

13. Is a follow up appointment with his or her PCM needed? _____
14. Was any specialized treatment/surgery recommended? _____

Please understand that if insufficient information is received, we will not be able to process your referral. An attempt will be made to contact you at the number provided.

If civilian medical care is inappropriately used or not properly coordinated with the PCM, the beneficiary may still be billed and held responsible for the payment.
